IT Support Technician with a Software Engineering background, comfortable handling incidents from first-line triage (N1) through in-depth technical troubleshooting (N2) across workstations, identity/directory services and networking.

Hands-on experience managing device fleets, monitoring production systems and following structured, customer-facing procedures under time pressure.

Work authorization: Swiss Citizen. Available now.

EXPERIENCE

Security Agent

07.2023 - 03.2024

Securitas AG

Part-time security agent in the event sector.

Junior Backend Software Engineer

02.2021 - 10.2021

Ilem Group

IT Consulting to an external client named Berdoz Vision & Audition.

- Secured a custom highly critical ERP, migrated it to a newer PHP version and contributed to the development of its Laravel replacement.
- Configured a fleet of 44 iPads and set up CI servers to run complex test suites with Codeception and Cypress.
- Improved security and developed critical components of existing in-house CRM solution for multiple shops around Switzerland.
- Built internal tools for automated testing, monitoring, and deployment, while ensuring high-quality standards with Sentry.
