

Romain Sickenberg

Customer Experience Specialist

Lonay, VD, CH · r.sickenberg@gmail.com · +41 78 907 32 02 · [linkedin.com/in/a320rsck](https://www.linkedin.com/in/a320rsck)

Client-facing professional with a Software Engineering background, combining IT consulting client relations with hands-on public-facing event security work and a genuine, long-standing interest in Tesla and electric vehicles.

Comfortable guiding guests through a first contact, from greeting and needs assessment to representing a client's image in high-visibility public settings, in French, English and German.

Work authorization: Swiss Citizen. Available now. Valid driving licence.

Experience

Full-Stack Software Developer

03.2024 - 12.2025

Academic Work SA

IT Consulting for diverse clients via Academic Work.

- Designed a decoupled backend/frontend architecture for SIL Lausanne, delivering the **Docker** base platform that now underpins most of their in-house solutions (**Python, Django, Vue, React**).

Event Security Agent

07.2023 - 03.2024

Securitas AG

- Represented client image and security standards on behalf of **Securitas**, the **Olympic Museum** and **RTS** (Radio Télévision Suisse), including on-camera security presence during live public broadcasts.
- Greeted, directed and screened guests through access control at high-attendance sporting events for **LHC Lausanne** and **Lausanne-Sport**.
- Coordinated crowd flow and incident response as part of a multi-agent security team across venues.

Backend Software Engineer

10.2021 - 02.2023

Antistatique SA

From Junior to mid-level Software Engineer & highest skill jump!

- Led a five-developer team as **PHP** Lead Developer on a 3-4 month **Symfony** build for Colis du Coeur, shipping v1 of a state-machine-driven workflow for volunteer distribution centres.
- Owned technical delivery and led code reviews across small to medium-sized projects, including an **AWS**-hosted client platform, raising maintainability and development standards for the team.

Junior Backend Software Engineer

02.2021 - 10.2021

Ilem Group

IT Consulting to an external client named Berdoz Vision & Audition.

- Secured and migrated a business-critical ERP serving **20 retail stores** to a newer **PHP** version, then co-built its **Laravel** replacement.
- Hardened security and developed critical components of the in-house CRM used across that same 20-store network.

Personal Breaks & Side Activities

- Planned career break - solo world travel and personal development
- Swiss Armed Forces - mandatory military service

02.2023 - 06.2023

07.2020 - 11.2020
