

Romain Sickenberg

IT Support Technician (N1/N2/N3)

Lonay, VD, CH r.sickenberg@gmail.com +41 78 907 32 02 rsickenberg.me github.com/rsickenberg
linkedin.com/in/a320rsck

IT Support Technician with a Software Engineering background, covering user support and incident resolution from N1 through N3 across workstations, identity/directory services and networking.

Covers the full support chain: ticket triage and escalation in **Jira Service Management**, incident and problem management along **ITIL** lines, **Active Directory** and **Microsoft 365** administration, and hands-on workstation, printer and network troubleshooting.

Work authorization: Swiss Citizen. Available now.

EXPERIENCE

Software Engineer

06.2016 - 12.2025

Liip, Ilem Group, Antistatique, Academic Work

Nine years of software engineering across four companies. The parts that carry directly into IT support are below.

- Configured and rolled out a fleet of **44 iPads** and set up CI servers for a retail client operating **20 stores**.
- Ran production incident response with **Sentry** error monitoring, from alert through root cause to fix.
- Secured a business-critical **ERP** and migrated it to a supported **PHP** version for that same 20-store network.
- Deployed and maintained applications on **Linux** servers using **Docker** and **GitHub Actions**, with structured release and rollback processes.
- Built internal tooling for automated testing, monitoring and deployment, and led code reviews across a multidisciplinary team.

SKILLS

OPERATING SYSTEMS
