

Romain Sickenberg

Backend-Software Engineer

Lonay, VD, CH r.sickenberg@gmail.com +41 78 907 32 02 rsickenberg.me github.com/rsickenberg
linkedin.com/in/a320rsck

Backend Software Engineer with **5+ years** building and maintaining business-critical web applications and **REST APIs** with **PHP**, **Symfony**, **Laravel**, **React** and **Docker**.

Hands-on across application design, component integration and deployment (**CI/CD**), including code review, production releases and technical leadership of medium-sized projects.

Work authorization: Swiss Citizen. Available now.

Experience

Full-Stack Software Developer

03.2024 - 12.2025

Academic Work SA

IT Consulting for diverse clients via Academic Work.

- Designed a decoupled backend/frontend architecture for **SIL Lausanne** and built the **Docker** base platform underpinning most of their in-house solutions (**Python**, **Django**, **Vue**, **React**).
 - Shipped a **React (Next.js)** application with **GitHub Actions CI/CD**, **Docker** containerization and automated deployments to Jelastic.
-

Backend Software Engineer

10.2021 - 02.2023

Antistatique SA

From Junior to mid-level Software Engineer & highest skill jump!

- Built and maintained enterprise **Symfony 6** applications and their **REST APIs (API Platform)**, on **PHP 7.4/8.0** with **Doctrine ORM**, **PostgreSQL**, **Redis** caching and **Elasticsearch** indexing.
 - Led a five-developer team as **PHP Lead Developer** on a 3-4 month **Symfony** build for Colis du Coeur, shipping v1 of a state-machine-driven workflow for volunteer distribution centres.
 - Delivered and maintained six CMS builds - five **Drupal**, one **WordPress**.
 - Cut **GitHub Actions** execution time by **75%** through dependency caching and workflow optimization.
 - Led code reviews and owned technical delivery on small to medium-sized projects, including a client platform hosted on **AWS**, enforcing maintainability and development standards.
 - Built a small internal tool on a **serverless Firebase** backend with a **Vue.js** front end.
-

Junior Backend Software Engineer

02.2021 - 10.2021

Ilem Group

IT Consulting to an external client named Berdoz Vision & Audition.

- Secured and migrated a business-critical ERP serving **20 retail stores** to a newer **PHP** version, then helped build its **Laravel** replacement.
 - Configured a fleet of **44 iPads** and set up CI servers running **Codeception** and **Cypress** test suites.
 - Hardened security and developed critical components of the in-house CRM used across that same 20-store network.
 - Built internal tooling for automated testing, monitoring and deployment, with **Sentry** for error tracking.
-

Apprentice Software Engineer

06.2016 - 06.2020

Liip AG

- Developed and extended internal web applications in **PHP** and **JavaScript**.
- Shipped features in an **Agile** team using **Git**, **Scrum** and modern web development practices.
- Developed custom **Moodle** plugins with **PHP 5.4**.

Personal Breaks & Side Activities

- Security agent at Securitas AG - part-time, event sector.
 - Planned career break - solo world travel and personal development.
 - Swiss Armed Forces - mandatory military service.
- 07.2023 - 03.2024

02.2023 - 06.2023

07.2020 - 11.2020
